Sunday, February 12, 2023

To My FPUD Patients,

It is with sadness that I inform you of my upcoming departure from Family Practice Associates of Upper Dublin. During this past year, my first year after becoming a nurse practitioner, I have grown tremendously both clinically and personally. However, I realized that I miss the fast pace of my emergency room background as well as teaching. Therefore, starting in March, I will be starting a position at an urgent care and will resume my teaching position for the Jefferson School of Nursing. While I will miss you all, I leave knowing that my patients will remain in the very capable hands of my colleagues here at FPUD. Thank you for the privilege of being a part of your care and your lives, and I wish you the best health and happiness.

With Gratitude,

Sheriann Wilkins, CRNP
